

# WITH CARE FROM SOMEONE

Douglas Dillard, Bernard Leadon

1. You stood not here  
Yet here so clear  
The story had to start  
The jingle song  
Has reall rung  
Into my aching heart

Ch.1. And now we shall see  
What the future will bring  
As we swing freely as one  
And now we shall know  
What love  
Will show as has begun  
So here's to you with care from someone

2. This evening came  
But not the same  
As yesterday had been  
Day had come  
You're with someone  
To hold now deep within

Ch.2. And maybe will find  
This time is designed  
For finding the meaning of one  
And now we shall know  
What love  
Will show as has begun  
So here's to you with care from someone
